### Recommendation letter

I have known Onggar Rabiya for 5 years now and have been teaching her English. During this time I have found her to be competent in her studies. Her attendance has been very good and she contributed well to class discussions. She worked to the best of her ability gaining very good marks and has exerted herself extremely well on her assignments to thoroughly cover the content and requirements set. She set high standards and has met them successfully.

*Как и насколько долго меня знает?*

*Что заметила во мне необычное?*

## 2. Академические способности (1–2 абзаца)

**Цель:** показать интеллект через факты, а не оценки.

**Что писать:**

- как ученик думает, а не «учится хорошо»
- скорость усвоения материала
- умение анализировать, задавать вопросы
- сравнение с другими учениками

**Формула:**

**Навык → пример → результат**

What distinguishes her from her peers is her ability to approach complex problems analytically. For example, during our calculus unit, she independently developed an alternative solution method and successfully presented it to the class.

@kelesi\_qadam

### 3. Личностные качества (ключевая часть)

---

**Цель:** показать характер и зрелость.

Выберите 2–3 качества, не больше:

- ответственность
- инициативность
- лидерство
- стрессоустойчивость
- дисциплина
- самостоятельность

! Каждое качество = конкретная ситуация

When faced with a tight project deadline, she took the initiative to organize her classmates, distributed tasks efficiently, and ensured the project was completed on time without compromising quality.

@kelesi\_qadam

---

## **4. Внеучебная активность / вклад (если есть)**

**Цель:** показать влияние ученика на среду.

**Что можно включить:**

- проекты
- олимпиады
- волонтерство
- помощь другим ученикам
- участие в школьной жизни

**Важно:** даже небольшая активность → через влияние.

*Моя учительница объединила все 2,3 и 4.*

Overall, Rabiya represented the work of a very high-quality student and was quick to pick up on new topics. She has a friendly personality and does well in all that she strives to achieve. She is a good team worker. I always notice it during teamwork, where she shows her sociability. She also is one of the most honest, self-sufficient, and highly motivated students I have ever met.

She depicts a deep interest in the subject. While always being attentive and active in my lessons, she has shown an interest to participate in after-class events revolving around English. School English debates could be one of many examples of that. Rabiya did a great job by helping to organize the event and illustrating her best qualities as a judge.

*Моя личность и как я хорошо работаю в команде.*

*Вовлечена в уроки, активно участвую в дебатах.*

*Организирую эвенты и помогаю ей.*

Currently, she is a student in the 11<sup>th</sup> grade. It is not a surprising fact that Rabiya is an excellent student. On one hand, she is a student with a deep interest in computer science and on the other hand, she is an active student taking part in any extracurricular activities showing her creativity and natural ability to lead others. She is open-minded, friendly, and very organized. I would say that she is a good student who has really good relations with her classmates, is smart,

easily communicates with others, and is passionate about her work. Rabiya's behavior as well as her upbringing is excellent. She is respectful and tolerant of others.

*Какая я разносторонняя, креативная и общительная.*

*Но не повторяйте одно и то же слишком часто.*

## 5. Заключение и рекомендация (очень важно)

---

**Цель:** чётко сказать: «Я рекомендую».

Что должно быть:

- прямая рекомендация
- уверенный тон
- прогноз успеха

strongly recommend student's name for your program.  
I am confident that she will not only meet academic  
expectations but also contribute positively to the university  
community.

@kelesi\_qadam

---

@kelesi\_qadam

I am convinced that she is a person who can achieve great success in the future. Rabiya is one of the best students at the school and the whole academic staff likes working with her. I can admit her natural capability to create a positive psycho-pedagogical environment and she striving to research new fields.

*Показывает свою уверенность.*

*Рассказывает, что я лучшая студентка и как я готова покорять новые вершины(учебу за рубежом)*

Rabiya has good communication skills, takes care of elders, and works hard. Taking into account that Rabiya has the right attitude to education, foreign languages, science, and motivation. I would recommend her to any higher educational institution, as she would become a fine and dedicated professional. I am sure that any university would be lucky to have Rabiya.

Yours faithfully

**LETTER OF RECOMMENDATION**

Yerkenaz Baizhigit

I would like to endorse Yerkenaz Baizhigit as an excellent candidate for undergraduate study in your university. My name is Zukhra Zainiyeva, I am a teacher of World History and Global Perspectives and Project Work (GPPW) at the Nazarbayev Intellectual School (NIS) in Semey. I taught Yerkenaz World History in Grades 7 and 9, GPPW in Grade 11. In this Letter of Recommendation, Yerkenaz's academic performance will be presented, and then I will describe her personality.

Talking about academic performance in World History and GPPW, Yerkenaz is a rare type of student who combines hard-working and responsibility in learning. I am sure, she is able successfully complete multiple tasks with favorable results despite deadline pressure. From the very beginning of classes, Yerkenaz impressed with her disciplined habits and creative thoughts. During the classes, Yerkenaz conducted a research with secondary and primary data named "Impact of digital marketing on the businesses during the pandemics". The combination of analytical abilities and good communications skills found in Yerkenaz is truly unique. As well, her language skills are very high. Yerkenaz's main motivation in her research was to identify the transformation of businesses during COVID-19. At the begging of research, she already had a high-quality knowledge about digital marketing. For instance, Yerkenaz has been working in the sphere of business and marketing for the 2 years. By conducting this research Yerkenaz improved her understanding of business system. In four months Yerkenaz collected and analyzed data about the influence of digital marketing, did a survey and interviewed blogger and digital specialist with 20 thousand followers on Instagram. As a result, Yerkenaz disseminated the key ideas of research in a form of creative presentation. During this research Yerkenaz demonstrated herself as student who combines persistence and determination in learning.

Moreover, I also observed how Yerkenaz implemented her research skills in order to help our school community. Yerkenaz was a founder of the social project "Life without bullying", where she did a research for the theme of bullying at school and collected primary data from school students, interviewed school

@kelesi\_qadam

psychologists. Yerkenaz created school podcast with school administration in order to minimize the issue of bullying at school. By working with Yerkenaz, I realized that she is a type of person, who has a willingness help other people. I remember, in May 2022 Yerkenaz came to me and asked advice how she can help Ukraine people. She planned to record video, where our local people suggest ideas of supporting Ukraine people.

Yerkenaz also established herself as a student who loves independent study of the material; at the same time, she works great in a team to jointly solve an issue. I have witnessed the exceptional contributions that Yerkenaz has made to our school community. She was a leader of "Aihy" cinematography school club. In this club Yerkenaz with her team created a short-social video, where they raise relevant themes among the school students: bullying, mental health and academic honesty. Yerkenaz coordinated team of 36 students with four sections. As a result, short video for the "Mental health" theme won the first place among 12 teams in Kazakhstan at Short Film's competition.

Not only is she an excellent and hard-working student, but Yerkenaz has dedicated herself to enriching the lives of students and teachers around her. Yerkenaz was a member of Ministry of Discipline at School leadership Council. She coordinated 25 students, conducted meetings and webinars about school values for 7-8-9 graders. Yerkenaz was able to build a positive working relationship with other students of NIS and local schools. All these examples characterize her as a very responsible learner, a creative person, and a great member of team.

Finally, I would like to talk about Yerkenaz's personality. I know Yerkenaz as an energetic and goal-oriented person. She is a kind, compassionate, intelligent, and strong person who has a clear sense of direction and purpose. I am confident that she will bring the same warmth, support, insight, and hard work to her classes and social community. Yerkenaz has my enthusiastic recommendation. Please do not hesitate to contact me for any further information.

Sincerely,

*Kaiyrzhanov Bagdan Toktamysovich*
